KRAVVIA.IN

Twenty-five years, *one standard.*

Kravvia is a women-led culinary house founded by Priti S Shah in 1999. From a single Andheri East kitchen at Hubtown Solaris, it runs vegetarian catering across eight cuisines and ships a thirteen-SKU ready-to-eat line pan-India — the same kitchen that plates a board lunch also builds the Diwali gifting brief for a corporate floor of two hundred.

The gifting brief, as it actually arrives.

Two hundred employees. Four weeks to Diwali. A per-head budget, a delivery window, a Jain count, a diabetic count, and a logo that has to sit on the box.

Kravvia treats gifting as an operation, not a catalogue — a fixed range, documented lead times, full Jain and sugar-free coverage, and branded packaging past fifty units. What follows is the range and the terms.

01

Exotic Dry-Fruit Sweet Boxes

02

Sugar-Free & Diabetic Line

₹2,100 / KG · FIVE VARIETIES

Honey, Cranberry, Anjeer, Dates and Blueberry — each sweetened by the natural ingredient the recipe is built around, not a substitute. The box that travels to elder parents and health-watchers without a footnote.

NO ADDED SUGAR · NO ARTIFICIAL SWEETENER

03

Branded packaging

For orders of fifty boxes and up, your logo prints on the outer box or sleeve — a single-colour foil or flat print that sits inside the Kravvia frame rather than replacing it. Artwork due with the order; a printed sample precedes the full run.

The food was very dangerously delicious and healthy. The outcome was that my mom decided to stop cooking and continue with Priti's food — that was a better option. Priti's food is pure magic and sumptuous, and I will always recommend her to everyone.

MANOJ DHANWANI

Managing Director · Megan Impex Pvt Ltd · 2019

I am extremely happy to refer Priti Shah for the unique fusion they create in food and the excellent taste and service they provide.

RINKU RANE

Nature Bliss · 2019

Thank you for serving lip-smacking snacks for my mom's Retirement Day at the RBI. The food was delicious and everyone loved it a lot. Even the way it was packed and served showed the level of thoughtfulness and eye for detail.
